	Diwanu Lugati't-Turk is the oldest known and most famous dictionary of Turkic. This bilingual dictionary (Turkic-Arabic) was compiled by Mahmud Kashgari between 1072 and 1077. Mahmud Kashgari was an 11th century Muslim Turk scholar and lexicographer of Turkic languages from Kashgar of Eastern Turkistan in China. Kashgari records important information about 11th century Turkic countries, tribes, geography, culture, history, folk literature and language in his book. In addition to the great number of word entries, Diwan contains much geographical information about the world as Kashgari knew it. Moreover, it contains the oldest known map of Central Asia. It has been translated into countless languages including Persian, English, German and Russian. The dictionary has been published repeatedly and is in fact a very valuable treasure of Turkic languages.
