4	<p>Read the passage carefully and provide appropriate answers for each question.</p> <p>We can name Thomas Edison as the greatest and the best Inventor in history. he had more than 16000 inventions. He was born in Milan. Thomas could not speak until he was about 4 years old. When he began to speak, he was interested in talking and asking about how machines or other things worked When he was 7 years old, he started school with other children. Thomas did not pay attention to his lesson in class. He asked his teacher so many questions which were not related to the class. Some teacher thought that Edison was so stupid. They asked his parents to enroll him in a school for children with learning difficult ion. Four Thomas left school at the age of 12. His mother was a teacher so she decided to teach Edison at home. There he learned to read, write and calculate. When he read all the books at home except one (because it wo had to be read), his parents took him to a library where he could read more.</p>	H
